USSE Info

enysra.GameOfficials.net is a complete Course Management and Registration system for United States Soccer Federation registrations. This system allows state associations to easily manage the entire process of registering Referees, Assessors, Assignors, and Instructors with USSF. We can help you greatly simplify course setup, course registration / payment, assignment of instructors, and post-course management. Best of all, there is no need to mail in registration forms to USSF. Individual registration entries will be sent electronically in a USSF approved format.

In addition to our Course Management and Registration system, we also offer a complete online assigning solution for virtually any team sport - designed for all levels of assigning (including recreational, amateur, high school, collegiate, intramural, and more). It was specifically written for Soccer, Baseball, Softball, Football, Basketball, Volleyball, and Hockey, but can easily be adapted for use by other team sports as well. Click here for information about a *faster, easier, smarter* way to assign games.

Click here to read more about our Course Management and Registration system.
